SECTION2: INFORMATION TO CONSULTANTS (ITC)

2 INTRODUCTION

- 2.1 The consultants are hereby invited to submit a proposal for consulting services required for the assignment named in the attached Letter of Invitation. Consultant's proposal could form the basis for future negotiations and ultimately a contract between the Consultancy Firm and the Chief Engineer (WWM-West), BWSSB.
- 2.2 A brief description of the assignment and its objectives are given in the

Terms of reference (TOR).

- 2.3 To obtain first-hand information on the assignment and on the local conditions, the consultants may contact The Chief Engineer (WWM-West), BWSSB.
- 2.4 Please note that (i) the costs of preparing the proposal and negotiating for the contract, including a visit to site, are not reimbursable as a direct cost of assignment and (ii) BWSSB is not bound to accept any of the proposals received by it and reserves the right to annul the selection process at any time prior to contract award, without thereby incurring any liability to the Consultants.
- 2.5 Consultant have an obligation to disclose any situation of actual or potential conflict that impacts their capacity to serve the best interest of their Client, or than may reasonably be perceived as having this

effect. Failure to disclose said situations may lead to the disqualification of the Consultant or the termination of its Contract.

2.6 BWSSB's policy that the consultants observe the highest standard of ethics during the selection and execution of such contracts. In pursuance of this policy, BWSSB:-

(a) Defines, for the purpose of this paragraph, the terms set forth below as follows:

(i) "Corrupt Practice" means the offering, giving, receiving, or soliciting, directly or indirectly, of anything of value to influence the action of a public official in the selection process or in contract execution;

- (ii) "Fraudulent practice" means a misrepresentation or omission of facts in order to influence a selection process or the execution of a contract;
- (iii) "Collusive practices" means a scheme or arrangement between two or more consultants with or without the knowledge of the Client, designed to establish prices at artificial, non-competitive levels;
- (iv) "Coercive practices" means harming or threatening to harm, directly or indirectly, persons or their property to influence their participation in a procurement process, or affect the execution of a contract.

- (b) Will reject a proposal for award if it determines that the Consultant recommended for award has directly or through an agent, engaged in corrupt, fraudulent, collusive or coercive practices in competing for the contract in question;

- (c) will declare firm ineligible, either indefinitely or for a stated period of time, to be awarded a contract if it at any time determines that the firm has engaged in corrupt or fraudulent practices in competing for, or in executing, a contract; and

- (d) will have the right to require that a provision be included requiring consultants to permit the Chief Engineer(P), BWSSB to inspect their accounts and records relating to the performance of the contract and to have them audited by authorized representatives of Chief Engineer(P), Bangalore Water Supply and Sewerage Board.

- 2.7 Consultants, their Sub-Consultants, and their associates shall not be under a declaration of ineligibility for corrupt and fraudulent practices. Furthermore, the Consultants shall be aware of the provisions on fraud and corruption stated in the specific clauses in the General Conditions of Contract.

SECTION-6

Terms of Reference (ToR)

1. Background

The main objective of the project is to arrest waste water flow in to the SWD and to abate pollution of lakes due to the entry of waste water. A high concentration of people, most of them from vertical growth of the community who live along the major drains and waterways are thus vulnerable to environmental and health hazards due to the presence of raw sewage in the drains. Moreover, lower middle class income households and those living in slums have been living in close proximity to the sewers that are choked. While a serious health hazard exists for these poorer sections of the community, the potential for infectious water borne diseases spreading to the entire community Furthermore, the flow of sewage in the drain affects the environment, ecology and the quality of ground water. As the city's population increases, these problems are bound to exacerbate if no action is taken now to address them.

In view of the above serious situation and as per the directions of the Honourable High Court of Karnataka and NGT, BWSSB has taken steps to

rehabilitate, renovate and upgrade the trunk sewer systems to substantially prevent the flow of raw sewage into the drains. The Board developed a Three stage Environmental Action Plan, known as Environmental Action Plan “Part A” ,B’ and “Part C” and commenced implementing the plans since last decade. When the rehabilitation, renovation and upgrading of the sewer sections identified and included for implementation in parts A,B and C of the EAP, are completed, it is envisaged that the entire sewage generated in the city will be conveyed through the sewer network systems to the treatment plants minimizing discharge of sewage into the storm water drains.

However, the overall objective of conveying and treatment of the entire sewage generated in the city for safe disposal of treated sewage into water course and lakes will be realized only after commissioning of the works which left out as well several new additional pipeline due to several development of BDA Layouts as well private layouts along with vertical growth of the area.

This project deals with the preparation of Detailed Project Report for addressing the problems in the sewerage network of sewers having diameters of 400 mm and above in the Vrishabhavathy valley, including their adjoining/minor Valleys like Kethamaranahalli, Srigndhakaval, chandrasandra , katriguppe of the core city of Bangalore.
